Dr. Chakar:

The purpose of this letter is to express my interest in coaching the Margareville Boys Varsity basketball team during the 2021-2022 school year. Although I am facing health challenges my overall health profile has remained steady at the current time. In addition Dave Ruff would once again like to serve as an Assistant Coach. Dave was a huge asset to both me personally and to the program the season before the pandemic. In some ways my illness and my battle to remain active and relevant as I fight my disease provides a positive model for the guys on the team. Coaching baseball in the spring the young men proved to be extremely supportive. Thank you for your consideration,

John Bernhardt - Oil Red

October 2021.

Dear Board of Education / Mrs. Reither.

I would like to apply for the JV Boys basketball coach position here at Margaretville. Players will learn additional foundational skills along with team concepts to prepare them for the Varsity level.

I will instill fortitude, pride and humility through the sport of basketball. Margaretville students will walk away knowing the importance of being a student before an athlete and the importance of being responsible, committed and to push past adversity. The game of basketball has taught me a significant amount as I would like to pass down its experiences and life lessons to them. Thank you for your consideration and if you have any questions please contact me at 607-437-9201.

Sincerely,

Chad Richards
